

APPEAL NO. 001438
FILED JULY 17, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on April 16, 2002. The hearing officer determined that appellant (claimant) did not sustain a compensable injury on _____; claimant timely reported her claimed injury; claimant did not timely file a claim within one year; and claimant did not have disability. Claimant appealed these determinations on sufficiency grounds. Respondent (carrier) responded that the Appeals Panel should affirm the hearing officer's decision and order.

DECISION

We affirm.

We have reviewed the complained-of determinations and conclude that the issues involved fact questions for the hearing officer. The hearing officer reviewed the record and decided what facts were established. We conclude that the hearing officer's determinations are not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

We note that claimant contends her wrist and claimed back injuries constitute just one injury. However, it is clear from the record that two separate claimed injuries were involved. Claimant attached to her brief a document that she says was not admitted at the hearing. However, this document was admitted at the hearing and it, like other evidence in the record, states that claimant's employer had notice of injury on _____. In any case, we note that the hearing officer did find that claimant timely notified her employer of her injury.

We affirm the decision and order of the hearing officer.
